Large Work Mat

This soft, heavy-duty mat provides ideal working conditions and protects tabletops as well as your collectors' items from scratches and stains: The top of the work mat is made from a smooth, fuzz-free material. The underside is rubberized and is therefore extremely non-slip. Additionally, the mat can be cleaned with clean, warm water and is very compact when rolled up.

The BASIS work mat can also be used for a wide range of other activities, such as when making repairs, improving and maintaining models, watches and pieces of jewelry and when examining and dealing with minerals, fossils, precious stones, etc. Furthermore, due to the fact it features a single-colored surface, rather than a distracting photo background, the work mat puts your precious items into the limelight.

Overall size: 500 x 350 x 2 mm (19 x 13 ¾ x 1").
